The Personnel Commission is the foundation of the merit system. It is an independent body composed of three persons appointed for three-year staggered terms. The Personnel Commission is responsible for maintaining a merit system for classified employees of the school district and for fostering the advancement of a career service for such employees. To execute these responsibilities, the State Education Code provides that the Personnel Commissioners shall classify positions; hear appeals of disciplinary and dismissal matters, and protests involving examinations, selection and appointment procedures; and prescribe rules related to a variety of personnel practices.
